From the President's Desk- ShriJagatMadan

Greetings from Prayassws!

Prayas social welfare society is purely dedicated towards building up our nation by making each and every child literate and skilled, empowering women and improving our community.

At Prayassws we share "Best Practices" in academics, health and professional development. With 91 centres across Faridabad, Prayas is imparting absolutely free education to 7500 underprivileged children. We also provide absolutely free vocational training in Tailoring, knitting, embroidery, and beautician course for girls/women to make them independent and confident. Other courses in various stream including computers, tally, mobile repairing, electrical etc. are also available for children belonging to weaker section of the society.

We are extremely thankful to the Titans of the society in the field of education, who have graciously and willingly lent out the premises of their schools for this noble cause. This has enabled us to run a study centre in every nook and corner of Faridabad to facilitate the children of our target segment.

The role of these Titans of our society has gone a long way in driving the growth of education among the poor and the have not's. Without the support of our supporter we would have ceased to grow.

Further, to benefit maximum number of children by making them skilled we are constructing few more rooms at our vocational training centres to commence other job oriented courses.

Prayasswshave opened few charitable dispensaries at various locations to cater poor and needy by providing them free medicines and medical aid.

We request donors to sponsor our dispensaries and help us open more charitable dispensaries in and around Faridabad to have healthy society.

We welcome donors those who can help us build more centres and sponsor as many as students or whole education centre, we also request to sponsor vocational course as per their interest and contribute in building skilled society. In addition we are keen to open more charitable dispensaries to make disease free citizen of the society.

Prayassws request all to raise their voice against illiteracy and come forward to take our vision and mission to next level by joining hands with us.

Conclusions

It can be concluded that during the year 2016-2017, our society has performed well in all its different activities for the overall development of the children studying at various Prayas Welfare Schools. Ladies/Women received training in tailoring, embroidery, beautician (all belonging to weaker section of the Society) have been benefitted.

We are thankful to the management of all the schools where Prayas Welfare School Centres are operating and also to the chairman and members of the various committees for their valuable support and guidance.

We are extremely thankful to the corporates, business establishments, trusts and individual donors to have whole heartedly contributed financially as well as with their guidance and their suggestions.

Dr. Raj Kumar Aggarwal
